TV Ears Phone Cord Instructions

The TV Ears Phone Cord works with most cell phones and cordless home phones that have a headphone jack. Adapters may be needed to work with some phones.

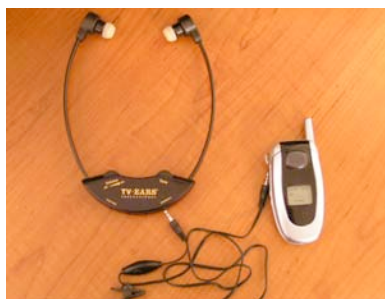

The plug on microphone end goes into the TV Ears headset.

The opposite plug goes into the headphone jack of the phone.

Instructions:

1. Insert the plug on the microphone end into the "Accessory" jack of the headset.

2. Insert the opposite plug into the headphone jack of the phone. Turn on headset and place or receive calls.
