

TV EARS®

Dr. Recommended TV Listening Devices

TV Ears Battery Replacement Instructions

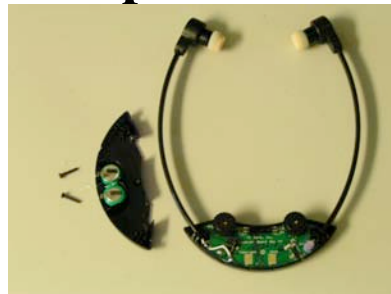

You will need your new battery faceplate, your headset, and a No.1 Phillips screw driver.

Step 1

Turn headset off, place on a flat surface. Remove the two screws located on the back of the headset.

Step 2

Turn the headset over and remove the faceplate with the logo and batteries attached.

Step 3

Screw the new faceplate on the headset

Step 4

Make sure the headset is turned off. Place the headset on the transmitter (charger) and allow your TV Ears to charge for 8 hours.
